ISN'T JUST FOR STEERING.  
IT'S FOR HOLDING ON.

# ABARTH PUNTO

INDIA'S FASTEST SUPERHOT HATCH\*

145 bhp • 0-100 in 8.8 secs

#GIVESPEEDACOMPLEX

\*In its price segment.

# ABARTH PUNTO

Abarth is all about creating the ultimate performance machines. The new Abarth Punto is the pinnacle of this philosophy - a 145 BHP monster that is most certainly the fastest and hottest hatch on Indian roads today.

## 16" Scorpion

## Alloys

The Scorpion Sting design of 16" alloy wheels gives the Abarth Punto the gleaming menace it deserves. It also helps grip the road with the dynamism you'd expect from such racing pedigree.

## Decals

The enduring image of the scorpion is a throwback from when Karl Abarth revolutionised racing under the banner of his zodiac sign. The scorpion decal on the roof, along with the racing stripes on the side, accentuate the aggressive lines of the Abarth Punto.

## Sporty Seats

The sleek black upholstery accentuated by red and yellow stitching give the interiors of the Abarth Punto a dynamic edge.

## Abarth Instrument Cluster

What's performance if it's not measured? The Abarth branded cluster on this car gives you the essential information you need when you're pushing the limits of this performance machine.

# Crafted Race Engine

The 1.4 T-Jet Engine is specially tuned for racing performances. It cranks out a barely believable 145 horsepower and generates 212 NM of torque. With an acceleration of 0-100 in 8.8 seconds, it is quite simply the engine car enthusiasts have been waiting for.

## Bluetooth Voice Connect

Feel in charge with the Bluetooth Voice Connect technology and the steering wheel controls for changing music, taking calls and even having messages read aloud.

## Strong Build Quality

The Abarth Punto is most definitely the hottest hatchback in town. But it's also the strongest. Because strength and speed have always been a great combination.

## Sporty Side Skirting

The precision engineered side skirting on the Abarth give it the racy look worthy of a hatchback with 145 screaming horses under its hood.

## Abarth Race Pedals

In a car this powerful, you'll be sure to make full use of the aluminium sports pedals that give you a race feel. Available as an accessory.

## Electric Boot

The Abarth Punto is full of convenient little surprises. Enjoy the convenience of a fully-electric boot.

## Rear AC Vents

This might be a driver's car but there's no reason why rear seat passengers can't have fun too. Keep cool with the strategically-placed rear AC vents.

## ABS

Powerful engines and powerful brakes go hand in hand. With ABS, you can be assured that your Abarth will always grip the road safely.

## Track Tuned Suspensions

Tested for the race track and the road, the specially tuned stiffer suspensions make the car more grounded and provide another reminder of the racing DNA that runs through every feature of the Abarth Punto

## All Four Disc Brakes

This might be a lean, mean, racing machine, but it's not at the expense of safety - after all, with great power comes a great need to stop on a dime.

Segment leading

## EXCITING FEATURES

Sr. No.	Variant / Trim	1.4L T-Jet Petrol
<b>SAFETY &amp; SECURITY</b>		
1.	Front Airbags with Early Crash Sensors	●
2.	Passenger Airbag Deactivation	●
3.	Anti-Lock Braking System (ABS) with EBD	●
4.	3 – Point ELR Seat Belts with Pretensioners & Load Limiters	●
5.	Automatic Door Lock	●
6.	Central Door Locking	●
7.	Door Open Indicator	Exact
8.	Fire Prevention System (FPS)	●
9.	Height Adjustable Front Seat Belts	●
10.	Immobilizer With Rolling code (FCS)	●
