ENGINEERED FOR
EXTRAORDINARY

READY FOR THE EVERYDAY OR THE EPIC

No matter where you want to go, with the all-new Ford Endeavour, the world is yours to explore. The Endeavour helps you tackle any obstacle, on or off-road, at the turn of a dial. Its shift-fly Terrain Management System* maximises traction and stability to effortlessly stay in control.

TAKE ON ANY TERRAIN

Blaze a course through sandy surfaces effortlessly with increased accelerator sensitivity and aggressive wheel spin by turning on the **Sand Mode**. Or turn on the **Snow/Mud mode** and shift through snow and rough gravel easily with optimised traction and control. Conquer extreme off-road terrain with the **Rock Mode**. Choose this mode to keep 4X4 in first gear for superior control. And in any mode, view the Endeavour's driveline torque, vehicle pitch and roll easily, on the dashboard.

ROCK MODE

All images on this page are of 3.2i Titanium. For using Terrain Management System the driver is responsible for assessing off-road situations, determining if the terrain is passable and using appropriate off-road driving techniques. To activate Rock mode, vehicle must be stationary and in 4X4 low range.

SAND MODE

SNOW MODE

Terrain Management System.

CLIMB WITH CONFIDENCE

Negotiate tough slopes in the all-new Ford Endeavour easily and confidently. On an incline, **Hill Launch Assist** assures a smooth start. Take your foot off the brake and it holds for a few seconds. Step on the accelerator and you're off. **Hill Descent Control*** uses the brake system to help you descend slopes at a safe and steady pace, in full control. Take hold of the steering wheel, and Endeavour does of the rest.

HILL LAUNCH ASSIST

HILL DESCENT CONTROL

*Available on 4x4 variant only.

OUTMATCH ALL OBSTACLES

Why go around a river when you can drive right through it? The Endeavour is built to cross deeper waters with high ground clearance to let you muscle through nearly any terrain.

800mm WATER WADING

225mm GROUND CLEARANCE

Maintaining a speed of not more than 7 km/hr. The driver is responsible for assessing off-road situations, determining if the terrain is passable and using appropriate off-road driving techniques.

CONTROL YOUR WORLD

Improve your driving experience with technology that is intuitive to your needs. The Endeavour's sensors and radars work with you, so you can simply enjoy the drive.

The SYNC® is all ears. **Call** family and friends just by saying their name. Ask it to read out **incoming texts**. **Play** music the way you like.

All while your hands stay safely on the wheel and your eyes on the road. Plus, its TFT touchscreen, two USB ports & SD card slot make it easy to view and use multiple devices, including videos, when parked.

Thanks to the easy-to-read **Configurable LCD Colour displays in Endeavour's instrument cluster**, everything from performance to navigation to entertainment, is right in front of you on low-glare, high-quality flat screens.

Never fear parallel parking again. At the press of a button, **Semi - Auto Parallel Park Assist** helps locate the right-sized parking spot and steers your SUV in. Simply take your hands off and watch as it parks perfectly.

FEATURES THAT HAVE YOU COVERED

Protection is key to peace of mind. **Seven airbags** and ultra-high strength steel provide a network of protection with front seat driver and passenger airbags and seat-mounted side airbags. Side-curtain airbags provide protection for people in the front and the back. There is even an airbag for the driver's knees.

Reverse with confidence, with a full and clear vision of what's behind you, on the **Rear View Camera**. The sound of the **Rear Parking Sensors** also alerts you of any obstacles.

* Operating certain parts of the SYNC® system while driving can distract your attention away from the road and may be prohibited by local laws. Do not change system settings or enter data non-verbally (using your hands) while driving. Stop the vehicle in a safe and legal manner before attempting these operations. Always make sure that you comply with local road laws/ rules when using the SYNC® system. SYNC® promotes safer driving by ensuring hands are on wheels and eyes on the road. Ford does not recommend using mobile phone while driving.

Features described are for 3.2I Titanium.

TRAVEL FIRST CLASS EVERYWHERE

Looking for elevated luxury? The Endeavour's **Seven Leather Upholstered Seats** with an 8-way power driver's seat with power lumbar - provide premium comfort for the ultimate riding enjoyment, wherever you find yourself.

Appreciate the great outdoors, even when you're indoors. With the Endeavour's Electric Panoramic Sun Roof, you can open up your world and experience life under the stars and sky, at the touch of a button.

Inspired by the popular noise-cancelling headphones, the Endeavour's **Active Noise Cancellation** uses three highly sensitive microphones to detect and measure engine noise, then cancels it using opposing sound waves.

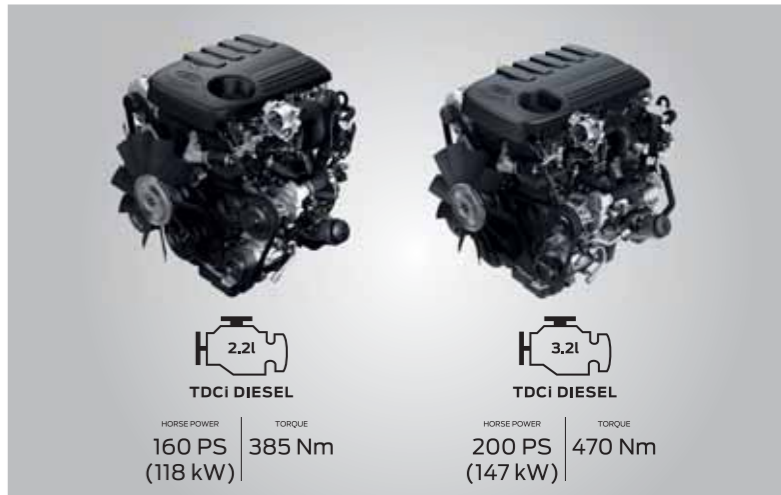

LOAD CARGO AND JUST GO

Leave nothing behind. The Endeavour's interior is designed to get you and all of your equipment, gear and supplies from point A to point B, capably and efficiently.

Switch between cargo and people easily with the flexible configuration of Endeavour's 2nd-row 60/40 Split Seat and 3rd row 50/50 Split Seat.

Find even more space at the press of a button. The **Electric Power Fold 3rd Row Seat** folds flat for a stable surface.

The **Power Tailgate** opens and closes at the touch of a button, so it's never been easier to pack in a heavy load of cargo behind the 3rd row when all seats are occupied.

EXTRAORDINARY PERFORMANCE MEETS EXCEPTIONAL EFFICIENCY

Elevate your expectations of an SUV. The all-new Endeavour packs impressive power that you can rely on, without compromising on fuel efficiency. All while its sleek **aerodynamic design** delivers greater fuel savings. No journey is too far.

If you're keen on the super powerful 3.2l, then you'll be happy with the extra kilometers built into its fuel economy.

QUALITY

We design and build your Ford to feel as good after many years of service, as it did the day you picked it up. And to drive just as beautifully, too.

GREEN

Using advanced technology, we're committed to creating vehicles with improved fuel economy, reduced CO₂ emissions and a lower overall cost of ownership.

SAFE

Ford's Intelligent Protection System uses sophisticated technology designed to help prevent an accident and, if one should happen, to help protect you.

SMART

Vehicles with smart, intuitive technologies designed to connect you to your world and many clever solutions from Ford that make life a little easier.
