ADVENTURE UTILITY VEHICLE

Tame the terrains

Hills, gorges, freeways... no matter where you drive,
the new ISUZU D-MAX V-Cross - your partner in adventure
makes the toughest of challenges accessible, comfortable and fun.

Breathtaking beast

The new ISUZU D-MAX V-Cross commands attention. The elegant curves, inspired by the traditional Japanese sword, *Katana*, the muscular stance and the wedge shaped design make it an absolute head turner.

- Aggressive front fascia enhances the dominant road presence
- Perfect proportions, flowing lines and a unique flat underbody
- Twin Cockpit interior design for easy access to all controls
- Wide tyres with 16 inch alloy wheels and roof rails enhance the sporty look
- Host of chrome highlights make your vehicle stand out from the crowd

Beat the odds

The new ISUZU D-MAX V-Cross breathes power. Its new and powerful engine can surpass your expectations the moment you hit the pedal. Whether you are cruising on the freeway, carrying adventure gear or heading uphill, experience an adrenaline rush every time.

- 134hp peak power combined with 320Nm of flat torque performance ensures the thrill of adventure stays at its peak
- Shift-on-the-fly 4 wheel drive system with high torque mode to take on surprise terrains with ease
- Variable Geometry Turbocharger with intercooler maximizes vehicle performance and efficiency with finesse
- Wide track and long wheelbase combined with low center of gravity ensures unmatched stability in both on and off-road conditions

Tough and timeless

The new ISUZU D-MAX V-Cross is robust and reliable - values that have earned ISUZU vehicles their pride of place, worldwide. Discover an engineering marvel that automotive enthusiasts, adventure seekers, and urban commuters vouch for.

- Extensively tested for 4 million km in heat, rain, hail and snow during its development
- Robust ladder frame construction, based on Isuzu Gravity Response Intelligent Platform ensures long term durability and maintains stability in all conditions
- Double wishbone independent front suspension and soft ride rear leaf suspension to take on all terrains with ease
- Globally acknowledged expertise in the development of diesel engines
